

Caledonia Spirits

SYSTEM

System size
83.7kW DC (STC)

Module model
LG 395w

Number of modules
212 (Pitched 112, Flat 100)

Mounting system (Pitched)
IronRidge (27 degrees)

Mounting system (Flat Roof)
PanelClaw Polar Bear III HD
(Tilt 5 degrees)

Orientation
194 degrees south

Inverter technology
SolarEdge 33.3kW + 30kW
(63.3kWAC total)

ANNUAL ENVIRONMENTAL BENEFITS

112.32
metric tons
CO₂ offset

600
trees
planted

10
homes
powered

PERFORMANCE

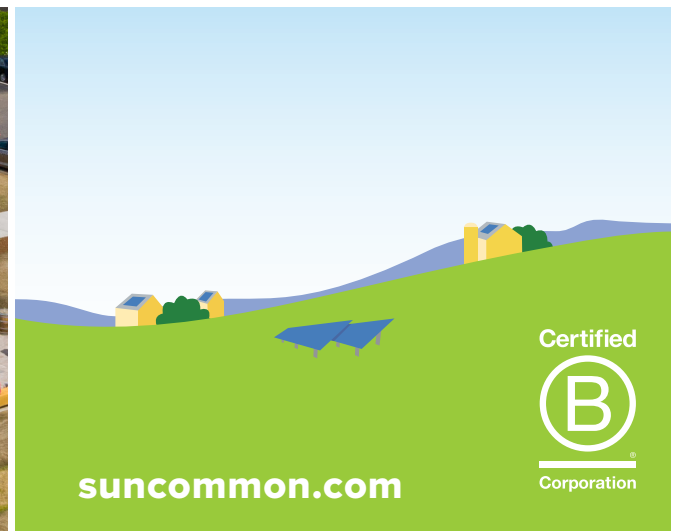

Annual estimated energy production
94,000 kWh

Estimated energy production over guaranteed life (25 years)
2,600,000 kWh

COST BENEFIT ANALYSIS

Annual energy savings
\$18,500

Energy savings at 25 years
\$500,000
